

Required Equipment

All professional level students will be required to wear the following equipment during all training and evaluation phases of their courses.

- Mask, Fins, and Snorkel
- Compressed gas cylinder and valve
- Buoyancy control device (BCD) and low pressure inflator
- Regulator and Alternate air source
- Submersible pressure gauge (monitoring device)
- Depth gauge (monitoring device)
- Weight system and weights (if necessary for neutral buoyancy)
- Adequate exposure protection (full length 3mm is recommended for our area)
- Timing Device
- Compass
- Knife / Divers tool
- One audible emergency signaling device (whistle, air horn, etc.)
- One visible signaling device (inflatable surface tube, flare, signal mirror, etc.)

Professional level students will receive up to a 30% discount on all equipment purchases made during training
